

Nuricon Energy Services (Pvt.) Limited is committed to provide best quality of Coring services and products to its valued clients by fulfills all the requirement of QHSE Management System, client, National & International rules and regulations.

Nuricon Energy Services (Pvt.) Limited places a strong emphasis on achieving excellent QHSE (Quality, Health, Safety, and Environment) performance as a cornerstone for business success. We firmly hold the belief that the accountability for Health, Safety, Environment, and Quality is not something that can be transferred; rather, it is a collective responsibility shared throughout the entire organization.

As Nuricon Energy Services (Pvt.) Limited progresses in delivering its services, building upon a robust technical foundation, the company actively champions initiatives related to Health, Safety, Environment, and Quality by:

- Promoting a positive culture based on improving QHSE performance;
- Work with Regulatory bodies and others to develop responsible regulations and standards.
- Maintaining internationally certified QHSE management systems;
- Eliminating hazards, practices and behaviors that could cause accidents, injuries or illness;
- Implementing controls to eliminate pollution and environmental harm;
- Providing training and resources for staff to maintain safe systems of work;
- Integrating QHSE management into all aspects of the organization;
- Engaging contractors who share a commitment to equivalent QHSE benchmarks

Nuricon Energy Services (Pvt) is committed to being a responsible corporate entity in every locality it serves. By adhering to and promoting this principle, the company seeks to contribute to environmental conservation and welfare of its stakeholders, with a particular focus on its employees, clients, and subcontractors.
